**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please dont let ATT take away our right to get affordable high speed gigabit fiber access . ATT has real bad speeds , bad equipment and offers very bad customer service . SONIC on the other hand even though a small company provides fiber speeds and excellent customer service for a very convenient price . This is really important since internet in this age is no longer a luxury and not a necessity, so ATT should not even think about benefiting from this . Please help save SONIC. Once again I am super happy SONIC customer and a really unhappy Comcast and ATT former customer.
